

Welcome to Cornerstone Community Church, sbc Sanctity of Human Life Sunday

9:30 Adult Sunday School—We are meeting in the sanctuary for the foreseeable future. We completed 1 John 4 this morning. *Come, join the study. It's about Christ in us.* What book/topic would you like to study after we finish 1 John?? **We need you; we all need this!**

10:30 Worship— We worship the Lord, attend to God's Word, pray, plead for God's inspiration and encourage one another.

Potluck Meal after worship service today.

Please follow CDC guidelines for on-site worship attendance.

NATIONAL 2019 ABORTION STATISTICS-- Number of Reported Abortions per Year (1973-2017) — Guttmacher Institute — Centers for Disease Control (CDC)

ABORTIONS SINCE 1973-- 59,902,500 abortions were performed in the United States since Roe v. Wade and Doe v. Bolton. (both 1973)

Mortality-- Abortion would be the number one cause of death if counted. In 2017 there were more abortions (862,300) than deaths due to heart disease (647,457) or cancer (599,108) in the United States.

Perspective-- There are more abortions performed every year in America (862,300) than combat deaths in all of our wars from 1775-2019 (656,482). Observing a 15-second moment of silence for each child killed by abortion would last 28 years.

Methodology-- Using Guttmacher Institute* figures through 2017 and using the 2017 number to estimate 2018 & 2019 gives us a total of 59,902,500 unborn lives taken since Roe v. Wade was decided in 1973. This is an estimate of induced surgical and medical (RU-486) abortions. The Guttmacher Institute has said the real number of abortions is likely higher than reported.

*The pro-abortion Guttmacher Institute is considered the more accurate researcher because they poll abortion businesses directly. The CDC publishes official numbers from state health departments, but some states refuse to report numbers, most notably California
